Lucien Astié

Engineer student (M1)

Data analysis and computer science always captivated me throughout my studies. Using the broad engineering spectrum learnt at ENSAM (Arts et Métiers) I can bring a new look on data : knowing the industry and being close to workers while having the skillset to analyse and present results. I'm autodidact on data science so I can adapt to new technologies quickly.

◈ SKILLS AND COMPETENCIES

| Fluent in English | Fluent in French | Notions in Spanish | Notions in Mandarin |

| Power BI | Excel | Microsoft Office | Python | Pandas | Docker | Node.JS |

| Thermodynamics | Solid mechanics | Electrical Engineering |

◈ WORK EXPERIENCE

Data consultant
L'Oréal
February 2022 – April 2022
◇ PowerBI – Dashboard conception
◇ Data gathering and structuring

Worker
Michelin (MFPM)
July 2021 – August 2021
◇ Tire cutter for the architecture
◇ Tire cuts pre-analysis

Staff member
Toussaint Library
August 2019 and August 2020
◇ Receptionist
◇ Book maintenance

◈ STUDIES

ENSAM – Arts et Métiers
Campus d'Angers
2020 – 2023
◇ Mechanical and industrial engineering
◇ Biggest alumni network in Europe

Preparatory school (CPGE)
Chevrollier highschool
2018 – 2020
◇ Engineering exams preparation
◇ Physics and technology

◈ NONPROFIT

Vice-President
GaSole – Humanitarian
2021 – 2022
◇ In charge of local actions
◇ Contact with local associations

Vice-President
Grandes UAI
2021 – 2022
◇ Management of a team of 10 people
◇ 200k€ budget

Founder
Computer club
2021 – 2022
◇ Manage the needs of 350 students
◇ Sysadmin
